To Whom It May Concern:

RE: Miovision Scout™ Plus Buy America Act and Build

America Buy America De Minimis Exemption

The following memorandum describes compliance with the Buy America Act ("BAA") and the Build America, Buy

America Act ("BABA") as implemented by the Federal Highway Administration ("FHWA") as it relates to the

Miovision Scout™ Plus product and its various component pieces.

De Minimis Steel and Iron Exception

Miovision Scout Plus is exempt from BAA and BABA legislation based on a de minimis use exception. This

exception allows for use of foreign steel or iron, provided the aggregate cost of the steel or iron is less than \$2,500

USD or less than 1/10th of 1% (.1%) of the total contract amount, whichever is greater.

Miovision confirms that the Miovision Scout Plus hardware unit contains de minimis quantities of steel and iron

sufficient to meet the exception outlined above.

I trust that the above is satisfactory, but should you have any questions, please feel free to contact me.

Sincerely,

Kris Rasmussen, AVP, Manufacturing
