To Whom It May Concern,

**RE: Federal Highway Administration
Manufactured Products: Notice of Proposed Rulemaking**

Miovision Technologies is aware of the Notice of Proposed Rulemaking regarding Buy America Requirements for Manufactured Products as further outlined in a press release found here:

<https://www.federalregister.gov/documents/2024/03/12/2024-05182/buy-america-requirements-for-manufactured-products>.

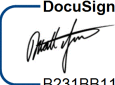

The proposed changes are not finalized and therefore remain subject to revisions and final approval. However, Miovision does not anticipate that the proposed changes will affect the supply chain or delivery timelines of Miovision Core and Miovision Opticom products.

The proposed changes may result in a minor price variance to Miovision products which is currently anticipated to be between 1%-15% of the applicable product's MSRP.

I trust that the above is satisfactory, but should you have any questions, please feel free to contact me.

Sincerely,

Miovision Technologies Incorporated
